

Please join us for a
PARCC Parent Meeting

Tuesday, March 14, 2017
7:00pm in the BES Library

Blairstown Elementary School is known for its focus on the development of the whole child. This means that we want our students to feel safe, lead healthy lives, and form meaningful relationships with peers all while growing academically. The PARCC test is a small portion of your child's growth. It gives us information about our programming and what we might be able to do differently to reach all learners.

Our goal is for our students to do their best.

In the 2016-2017 school year, the PARCC dates will be as follows:

3rd Grade: March 27th-April 4th

4th Grade: April 5th-April 13th

5th Grade: April 25th- May 3rd

6th Grade: May 4th-May 11th

All testing will occur in the morning and students will spend the remainder of the day participating in their regular schedules (with some extra time to go outside and play). You can help your child feel prepared for the test by ensuring a good night's rest, a healthy breakfast, and reminding your child to simply do his/her best.

Dr. Elias will present information on PARCC testing at Blairstown Elementary School on Tuesday, March 14th at 7pm in the BES Library and answer any questions you may have. If you have questions and cannot attend the meeting, please feel free to contact Dr. Elias.
