

**Blairstown Elementary School's Student Council has teamed up
with Project Self Sufficiency**

to

We would love to help teach our children about the gift of giving by helping less fortunate families in Warren and Sussex counties. When a child brings in a new, unwrapped gift to donate, they are able to place it in the box and watch the donations grow. By actually seeing their contributions and knowing where they go, the children get an extra special feeling of helping their local community.

If your family would like to participate in the **Stuff the Stocking** campaign, donation boxes will be located in the Schaare Wing and cafeteria.

We will start collecting new, unwrapped toys on **Monday, 11/27**. The deadline for donations is **Friday, December 8th, 2017** in order for us to be able to give the gifts to Project Self Sufficiency for distribution.

Thank You!
