

*A NOTE FROM THE HEALTH OFFICE*

Dear Parent/Guardian

All students who enter into a New Jersey Public School are required to have a physical examination by their doctor dated within one year of starting school. This applies even if the child is transferring from another New Jersey school.

Kindly remit a copy of Universal Child Health Record, which can be found our website, along with a copy of your child's immunizations, prior to starting school.

*Adrienne Peck, BSN, RN*
