Blairstown Elementary School

World Language Program

In partnership with home and community, Blairstown Elementary School is dedicated to the mission of providing an engaging, comprehensive education aligned with the New Jersey Student Learning Standards.

A passion for learning is ignited through an enriched learning environment. While celebrating individuality, our students develop confidence, competence and character.

World Language

General Information

The World Language program focuses on curriculum and instruction of Spanish. Students in preschool through grade 6 participate in a variety of activities related to this content area to acquire communicative skills and begin using the language as a tool to experience literature, art and other aspects of authentic culture. These activities will afford our students the opportunity to practice in the target language with classmates and further refine their communicative skills in the target language. Culture, history, traditions and legends are always part of the lessons. Our goal is to provide a safe, supportive, and caring environment where students will achieve success.
