Registration Procedures

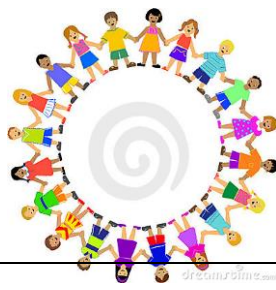

To enroll children in the Preschool Program, parents are required to do the following:

- * **Complete registration forms**
- * **Provide \$25 registration fee**
- * **Provide original birth certificate**
- * **Provide a copy of immunizations**

Since class size will be limited, if an excess number of eligible students apply, seats will be filled through a lottery. The remaining students will be placed on a waiting list.

The program will be under the supervision of the building administration.

As early childhood educators, we believe that school for each child should be a positive and successful experience. Our goal is to provide an environment that will stimulate enthusiasm and eagerness for learning.

Children will be encouraged to explore, create and experience “hands-on” activities using a variety of materials and equipment. Language, social, motor, self-help, and academic readiness skills will be introduced. Creative arts, health and safety will be interwoven throughout. Classroom routines will inspire active involvement. Students’ individual differences, needs, learning styles, and interests will be incorporated into the program.

The Preschool Program will offer children the opportunity to learn, work and play with their age appropriate peers.
